ARCHITECTURAL REVIEW BOARD MINUTES
April 2, 2008 – 3:00 P.M.

A. CALL TO ORDER
Chair Tilmon Brown called the meeting to order at 3:00. The members present were Tom Karwinski, Harris Oswalt, Tilmon Brown, Bunky Ralph, Michael Mayberry, Craig Roberts, Carlos Gant and Barja Wilson. The Minutes of the previous meeting were unanimously approved per a motion of Bunky Ralph and second of Harris Oswalt. The Mid-Month Requests were approved as submitted per a motion of Harris Oswalt and a second of Bunky Ralph.

B. MID-MONTH APPROVALS

1. Applicant's Name: Ashley Sharer
   Property Address: 1721 Dauphin Street
   Date of Approval: March 10, 2008
   Repair/replace as needed the existing 6’-0” privacy fence with 2’-0” lattice with materials to match existing in material, profile and dimension.

2. Applicant's Name: Construction Affiliates
   Property Address: 501 Church Street
   Date of Approval: March 10, 2008
   Replace rotten wood as necessary to include columns with materials to match existing in profile, dimension and materials. Paint new materials to match existing color scheme.

3. Applicant's Name: Anne Patton
   Property Address: 1053 Dauphin Street
   Date of Approval: March 17, 2008
   Install new architectural shingles, black in color.

4. Applicant's Name: William Graham
   Property Address: 1760 Dauphin Street
   Date of Approval: March 17, 2008
   Prime and paint building in the following BLP color scheme:
   - Body – Old Dauphin Way Gold
   - Trim – Super White
   - Window Accent – Claiborne Street Red
   - Front Porch Deck and Ceiling – Dunster House Grey, RC6

5. Applicant's Name: Solid Rock Foundation Company
   Property Address: 103 South Ann Street
   Date of Approval: March 18, 2008
   Relevel the foundation and rebuild some piers. The piers need to have a brick face.

6. Applicant's Name: Thomas Roofing
   Property Address: 1450 Dauphin Street
   Date of Approval: March 18, 2008
   Reroof with black modified bitumen. It will not be visible from the street.

7. Applicant's Name: William McGough
   Property Address: 1751 Dauphin Street
   Date of Approval: March 19, 2008
   Install a 27” by 18” sign at the location of the previous sign. It will hang from the existing iron pole.

8. Applicant's Name: John T. Lutz
   Property Address: 308 West Street
   Date of Approval: March 20, 2008
   Install a 56’-0” wood ADA ramp along the south. It will tie with the sidewalk with 10’-0” of poured concrete.

9. Applicant's Name: Emmett Farnell
   Property Address: 204 Rapier Avenue
   Date of Approval: March 20, 2008
   Replace rotten wood as necessary with materials to match existing in profile, dimension and material. Paint new materials to match existing color scheme.
10. Applicant's Name: Michael Williams  
   Property Address: 1009 Texas Street  
   Date of Approval: March 20, 2008  
   Reroof with brown 3-tab shingles. Repair/replace wood elements throughout the exterior, including the windows, porch decking, handrail, columns, doors and trim, with materials to match existing in material, profile and dimension. Repair masonry foundation and walkway as needed with materials to match existing.

11. Applicant's Name: Ruby Pettway  
   Property Address: 303 Marine Street  
   Date of Approval: March 20, 2008  
   Prep and paint the residence in the following Behr color scheme:  
   - Body – Belgian Sweet, 700D6  
   - Trim – Brown Teepee, 700D4  
   - Accents – Oyster, WB720 or Gobi Desert, 710C3

12. Applicant's Name: Noland Construction  
   Property Address: 300 Dauphin Street  
   Date of Approval: March 21, 2008  
   Paint the residence in the following Devoe color scheme:  
   - Body – Alameda Stone, 4W202  
   - Trim – Crockery White (shade lighter), 1W191  
   - Accents – Pale Green

13. Applicant's Name: Wayne Askew Contracting  
   Property Address: 51 South Catherine Street  
   Date of Approval: March 24, 2008  
   Reroof with black 25-year 3-tab shingles. Repair rotten cornice, soffit and fascia with new wood to match existing in material, profile and dimension. Paint new elements to match existing.

14. Applicant's Name: Eugene Caldwell  
   Property Address: 454 Marine Street  
   Date of Approval: March 25, 2008  
   Reroof using Charcoal 3-tab shingles.

15. Applicant's Name: Advanced Construction  
   Property Address: 954 Charleston Street  
   Date of Approval: March 25, 2008  
   Reroof using Estate Grey architectural shingles.

16. Applicant's Name: Dorothy Taldon  
   Property Address: 1252 Old Shell Road  
   Date of Approval: March 25, 2008  
   This is a renewal of the COA dated 02/02/06. Reroof using gray 3-tab shingles. Repair/replace rotten wood as needed with new wood to match existing in profile, dimension and material. Repaint (Ms. Taldon will call with colors).

17. Applicant's Name: Big Zion AME Zion Church/Joe Pomeroy  
   Property Address: 112 South Bayou Street  
   Date of Approval: March 26, 2008  
   This is a renewal of the COA dated 03/12/07. Replace the current 3-tab shingle roof system with a new 3-tab shingle roof system in the same color as existing. Re-caulk the building walls where necessary.

18. Applicant's Name: Chris King  
   Property Address: 208 South Georgia Avenue  
   Date of Approval: March 26, 2008  
   Paint building to match existing color scheme.

C. OLD BUSINESS

1. 025-08-CA: 62 North Reed Street  
   Applicant: Tom Radcliff  
   Request: Replace the front porch columns and front doors.  
   Denied: Certified Record Attached.
D. NEW BUSINESS

1. **026-08-CA**: 944 Conti Street  
   Applicant: Chilton’s Fine Art & Framing  
   Request: Install a privacy fence.  
   Approved: Certified Record Attached.

2. **027-08-CA**: 1401 Blacklawn (APPLICATION WITHDRAWN)  
   Applicant: Hunter Smith  
   Request: Replace the terra cotta roof tiles with architectural shingles.

3. **028-08-CA**: 310 South Monterey Street  
   Applicant: John Edward Walters  
   Request: Pave the driveway.  
   Approved: Certified Record Attached.

4. **029-08-CA**: 209 South Georgia Avenue  
   Applicant: Steve and Melissa Miller  
   Request: Add a pergola to cover the back patio.  
   Approved: Certified Record Attached.

5. **030-08-CA**: 211 Lanier Avenue  
   Applicant: Lucy Barr Designs/Mr. and Mrs. Sumner Adams  
   Request: Construct two additions.  
   Approved: Certified Record Attached.

6. **031-08-CA**: 1113 Palmetto Street  
   Applicant: Cristina Rodgers  
   Request: Construct an addition.  
   Denied: Certified Record Attached.

7. **032-08-CA**: 50 South Ann Street  
   Applicant: Zito Russell Architects/Annunciation Greek Orthodox Church  
   Request: Construct an open-air pavilion.  
   Approved: Certified Record Attached.

8. **033-08-CA**: 309 West Street  
   Applicant: Tim Gibson  
   Request: Replace rear windows with French doors and new windows.  
   Approved: Certified Record Attached.

E. OTHER BUSINESS and ANNOUNCEMENTS

1. The architect for 701 Dauphin Street had asked Staff if wire glass windows were approvable on a mid-month basis. However, because it exceeded the authority of Staff, the issue was brought to the Board to get its opinion. After much discussion, the Board decided it did not have sufficient information as to the need. There was a general concern that the wire glass might be inappropriate and that there was a better alternative. However, it was also pointed out that this is a new building and wire glass was a historic treatment. The Board tabled the item without taking any action.

2. There was some discussion concerning the appeal of 805 Church Street. John Lawler reminded the Board that the owner of the property is his neighbor and he recused himself from the matter. Several people felt it was important that the Board was correct in standing firm in its decision, while others expressed concern about how the Board would be perceived. Staff noted that though the Council granted the appeal, it required the owner to paint the building, remove the curb cuts, landscape the property as though it were a new business and paint the balcony.

3. In discussing the NAPC forum in July, the following people confirmed their decision to attend: John Lawler; Craig Roberts; Bunky Ralph; Tilmon Brown; Harris Oswalt and Carlos Gant.

F. ADJOURNMENT
The meeting adjourned at 4:10.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

025-08-CA: 62 North Reed Avenue
Applicant: Tom Radcliff
Received: 03/10/08 (+45 Days: 04/24/08)
Meeting: 10/15/07

INTRODUCTION TO THE APPLICATION
Historic District: Old Dauphin Way
Classification: Contributing
Zoning: R-1
Project: Replace the front porch columns and front doors.

BUILDING HISTORY
According to previous records, this one-story frame Bungalow residence was constructed circa 1915. However, the front porch columns appear too small compared to the scale of the residence and older Sanborn maps show a different porch configuration, which suggests that the porch and/or posts are not original. The second front door was likely added to the residence during WWII when many single-family homes were split into multiple dwellings due to the housing shortage.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. The porch and front façade appear to have been altered at some point.
B. The Design Review Guidelines state that renovations and new additions should respect the age and style of the building.
C. The proposed work includes the following:
   1. Replace the paired 4x4 posts at the front porch with paired 8x8 square posts per the submitted plans.
   2. Replace the door on the right side of the façade with a window per the submitted plans.
   3. Replace the door on the right side of the façade with a new door.

RECOMMENDATION
Staff feels the proposed posts will not impair the historic integrity of the building or the district. Mr. Radcliff has expressed a desire to remove the brick plinths. However, although the porch and front façade appear to have been altered at some point, staff has recommended against it. The Board has generally ruled against enclosing secondary doors when it is a defining feature of the style, such as Creole Cottages, but they have allowed later doors to be removed as long as the solid to void ratio is maintained. Although the second door has likely also reached historic status, the door opening will only be partially enclosed, therefore maintaining the solid to void proportion of the front façade. The solid 6-panel main door, which is not typical of the era, is recent. Staff feels a more appropriate door is acceptable; however, final approval should be contingent upon staff seeing a photo or specifications of the proposed door before installation.

PUBLIC TESTIMONY
There was no one present to discuss the application.

BOARD DISCUSSION
The Board discussed the request. Several Board members pointed out that even if the current columns were not original, they would have achieved significance and were similar to others in the neighborhood. There was still some question about how the windows were going to be done and no door was presented as a replacement.

FINDING OF FACT
Bunky Ralph moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Craig Roberts and unanimously approved.

DECISION ON THE APPLICATION
Bunky Ralph moved that, based upon the facts found by the Board, that the application does impair the historic integrity of the structure or the district and that a COA be denied. The motion was seconded by Tom Karwinski and passed four votes to two.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

026-08-CA: 944 Conti Street
Applicant: Chilton’s Fine Art & Framing
Received: 03/12/08 (+45 Days: 04/26/08)
Meeting: 04/02/08

INTRODUCTION TO THE APPLICATION
Historic District: Old Dauphin Way
Classification: Non-Contributing
Zoning: R-1
Project: Install a privacy fence.

BUILDING HISTORY
According to previous records, this one-story masonry commercial building was built circa 1945.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. There is a parking area on the north side of the building.
B. The Guidelines state that fences “should complement the building and not detract from it. Design, scale, placement and materials should be considered along with their relationship to the Historic District.”
C. The proposed work includes the following:
   1. Install a 6’-0” dog-eared wood privacy fence along the north boundary from the northeast corner of the property to the 25’-0” setback from the street.
   2. Install a 3’-0” dog-eared wood privacy fence along the north boundary from the 25’-0” setback from the street to the northwest corner of the property.

RECOMMENDATION
Based on the information submitted in the proposal, staff feels that the work will not impair the historic integrity of the district. The proposed fence falls within the standards of the Guidelines and Staff recommends approving the application.

PUBLIC TESTIMONY
No one was present to discuss the application.

BOARD DISCUSSION
The Board discussed the request. There was general discussion concerning the location of the two sizes of fencing and their design.

FINDING OF FACT
Bunky Ralph moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Craig Roberts and unanimously approved.

DECISION ON THE APPLICATION
Bunky Ralph moved that, based upon the facts found by the Board, that the application does not impair the historic integrity of the district and that a Certificate of Appropriateness be issued. The motion was seconded by Craig Roberts and unanimously approved. Certificate of Appropriateness Expiration Date: 4/7/09.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

027-08-CA: 1401 Blacklawn
Applicant: Hunter Smith
Received: 03/12/08 (+45 Days: 04/26/08)
Meeting: 04/02/08

INTRODUCTION TO THE APPLICATION
Historic District: Old Dauphin Way
Classification: Contributing
Zoning: R-1
Project: Replace the terra cotta roof tiles with architectural shingles.

BUILDING HISTORY
This one-and-a-half-story frame and stucco Spanish Colonial style residence was constructed circa 1928.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. According to Mr. Smith, the roof is leaking.
B. The Design Review Guidelines state that a roof “is one of the most dominant features of a building [and] materials should be appropriate.”
C. The proposed plan includes the following:
   1. Remove the existing roof system, including the terra cotta tiles and any leak barriers.
   2. Install a new architectural shingle roof system in a dark blend.

RECOMMENDATION
Rooflines and roof styles are a very distinctive feature of many buildings, particularly those with a defined style, such as Mediterranean Revival (this includes Italian, Spanish and some Exotic Revival varieties). Buildings such as this one with Mediterranean elements typically had terra cotta tile roofs, which were usually red, but also painted colors other than red on rare occasions. Staff recommends denying the application. While some tiles are damaged, most are sound. In the case of tile roofs, faulty or worn barriers typically cause leaks. It is possible, and often more feasible, to replace worn barriers and damaged tiles with materials to match the existing in profile, color and dimension.

DECISION ON THE APPLICATION
The application was withdrawn prior to the meeting.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

028-08-CA: 310 South Monterey Street
Applicant: John Edward Walters
Received: 03/12/08 (+45 Days: 04/26/08)
Meeting: 04/02/08

INTRODUCTION TO THE APPLICATION
Historic District: Leinkauf
Classification: Contributing
Zoning: R-1
Project: Pave the driveway.

BUILDING HISTORY
According to previous records, this two-story frame residence with Classical elements was built circa 1912.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. This residence currently has an unpaved ribbon driveway.
B. The Design Review Guidelines state, “[m]odern paving materials are acceptable in the historic districts. However, it is important that the design, location and materials be compatible with the property…[g]ravel and shell are preferred paving material, however…hard surface materials may also be acceptable.”
C. Mr. Edwards is proposing to pave over the existing unpaved ribbon drive with a light-colored concrete.
   1. The width will not exceed the existing curb cut.
   2. The drive will end at the existing picket fence.

RECOMMENDATION
Based on the information submitted in the proposal, staff feels that the changes will not impair the historic integrity of the building or the district. The proposed work falls within the standards of the Design Review Guidelines and staff recommends approving the application.

PUBLIC TESTIMONY
John Edward Walters was present to discuss the application. He informed the Board that the drive will go almost as far as the fence, but there would be plantings at the rear of the drive between it and the fence.

BOARD DISCUSSION
The Board discussed the request. It was confirmed that the drive would be solid concrete and not ribbons.

FINDING OF FACT
Bunky Ralph moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Harris Oswalt and unanimously approved.

DECISION ON THE APPLICATION
Bunky Ralph moved that, based upon the facts found by the Board, that the application does not impair the historic integrity of the structure or the district and that a Certificate of Appropriateness be issued. The motion was seconded by Harris Oswalt and unanimously approved. Certificate of Appropriateness Expiration Date: 4/7/09.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS  
CERTIFIED RECORD

029-08-CA: 209 South Georgia Avenue  
Applicant: Steve and Melissa Miller  
Received: 03/17/08 (+45 Days: 05/01/08)  
Meeting: 04/02/08

INTRODUCTION TO THE APPLICATION  
Historic District: Oakleigh Garden  
Classification: Contributing  
Zoning: R-1  
Project: Add a pergola to cover the back patio.

BUILDING HISTORY  
According to previous records, this two-story frame residence with Classical elements was built circa 1912.

STANDARD OF REVIEW  
Section 9 of the Preservation Ordinance states, “the Board shall not approve an application proposing Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the district…”

STAFF REPORT  
A. The Millers recently began the construction of a pergola in the back yard. After being notified of the correct procedure, they stopped construction and applied with the ARB.  
B. The Guidelines state, “accessory structures should complement the design and scale of the main building.”  
C. The Millers are proposing to add a one-story full-width pergola over a portion of the back patio:  
1. It will extend 10'-0” from the house and be 30'-0” wide.  
2. It will have a standing seam metal panel roof and be attached to the residence with copper flashing.  
3. It will have 6x6 columns on brick piers.  
4. The entire structure will be painted white.

RECOMMENDATION  
Based on the submitted plans, staff feels the proposed work does not impair the historic integrity of the building or district. The pergola is part of a landscape plan for the rear yard and it will only be minimally attached to the residence. Staff recommends approving the application.

PUBLIC TESTIMONY  
Steve Miller was present to discuss the application. He stated the roof would be standing seam metal. He also said he would like to change the wood steps to brick.

BOARD DISCUSSION  
The Board discussed the request. There was general discussion concerning the roof of the pergola and its construction. It was also noted that there was no design for the steps and it should be resubmitted.

FINDING OF FACT  
Bunky Ralph moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Barja Wilson and unanimously approved.

DECISION ON THE APPLICATION  
Bunky Ralph moved that, based upon the facts found by the Board, that the application does not impair the historic integrity of the structure or the district and that a Certificate of Appropriateness be issued. The motion was seconded by Carlos Gant and unanimously approved. NOTE: The alteration to the steps was not part of the motion. Certificate of Appropriateness Expiration Date: 4/7/09.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

030-08-CA: 211 Lanier Avenue
Applicant: Lucy Barr Designs/Mr. and Mrs. Sumner Adams
Received: 03/17/08 (+45 Days: 05/01/08)
Meeting: 04/02/08
Conflicts: Harris Oswalt disclosed that the applicant is his cousin, but that the relationship would have no influence on his vote.

INTRODUCTION TO THE APPLICATION
Historic District: Ashland Place
Classification: Contributing
Zoning: R-1
Project: Construct two additions.

BUILDING HISTORY
According to previous records, this two-story Mediterranean influenced residence was built circa 1908.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. An application for a two new additions was made and approved in March 2006, but the plan was never completed. A new application was made and approved in August 2007, but again the plan was never completed. The work is slated to begin again. This application is sufficiently changed from the original design to merit a new review.
B. The Design Review Guidelines state that new additions should respect the age and style of the building.
C. The proposed work includes the following:
   1. Attach a 36’-0” x 11’-0” one-story wing to the north side of the residence per the submitted plans.
      a. The wing will be similar to the wing on the south side.
      b. It will feature a pair of 2’-6” wide French doors with 12 lights each and a new stoop with steps on the front elevation.
      c. There will be two new casement windows to match the existing second floor casement window and recessed niches at the north and west sides.
      d. The design and materials will match existing, including the stucco, roof pitch, barrel roof tiles, eaves, gutters, steps and risers.
   2. Attach a 23’-2” x 26’-8” two-story wing with a one-story attachment to the west side of the residence per the submitted plans.
      a. The wing will feature a covered porch with three arches that will mimic the front elevation.
      b. Existing windows will be relocated to the new attachment.
      c. The design and materials will match existing, including the stucco, roof pitch, barrel roof tiles, eaves, gutters, steps and risers.

RECOMMENDATION
Based on the information submitted in the proposal, staff feels that the work will not impair the historic integrity of the building or the district. This is very similar to the plan approved by the Board last year and falls within the standards of the Design Review Guidelines. Staff recommends approving the application.

PUBLIC TESTIMONY
Lucy Barr was present to discuss the application. She noted that the roof of the new addition would not rise above the original roofline.
BOARD DISCUSSION
The Board discussed the request comparing the current plans with the previous plans that had been submitted.

FINDING OF FACT
Craig Roberts moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Harris Oswalt and unanimously approved.

DECISION ON THE APPLICATION
Craig Roberts moved that, based upon the facts found by the Board, that the application does not impair the historic integrity of the structure or the district and that a COA be issued. The motion was seconded by Bunky Ralph and approved with one dissenting vote. Certificate of Appropriateness Expiration Date: 4/7/09.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

031-08-CA: 1113 Palmetto Street
Applicant: Cristina Rodgers
Received: 03/17/08 (+45 Days: 05/01/08)
Meeting: 04/02/08

INTRODUCTION TO THE APPLICATION
Historic District: Oakleigh Garden
Classification: Contributing
Zoning: R-1
Project: Construct an addition.

BUILDING HISTORY
According to previous records, this one-story frame residence was a Chickasaw house built circa 1918 and moved to this lot in 1929. It had a later rear addition that was removed in 1995. The Historic Mobile Preservation Society owned it previously.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. As mentioned above, a small previous addition was removed in 1995 during the residence’s incarnation as an interpretive space for the Historic Mobile Preservation Society.
B. The Design Review Guidelines state that new additions should respect the age and style of the building.
C. The proposed work will add a 36’-6” by 24’-0” addition to the rear of the residence per the submitted plans.
   1. It will feature a one-car garage on the west side.
   2. All new materials will match existing materials to include the wood lap siding, trim and corner boards, overhanging eaves with rafter tails, architectural shingle roof, wood sash windows, paint color scheme and brick piers (east side only).

RECOMMENDATION
Based on the information submitted in the proposal, staff feels that there are some parts to the work that will impair the historic integrity of the building or the district. While the detailing and materials are acceptable, the size of the proposed addition – in particular the higher rooftop – overwhelms the existing residence. Also, the rear elevation has no windows, which creates a blank expanse that is inappropriate in historic residences.

PUBLIC TESTIMONY
No one was present to discuss the application.

BOARD DISCUSSION
The Board discussed the request. There was general discussion concerning the size of the addition and the way the garage attached to the rear of the house. The Board noted that the additions created a series of taller roofs that were not in keeping with the traditional manner of creating additions. The lack of fenestration on the rear and the proportions and materials of the garage door were also of concern. The Board asked about the mailing of Staff Reports. It was decided that all staff reports would be emailed in addition to the email notifications.

FINDING OF FACT
Bunky Ralph moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Mike Mayberry and unanimously approved.

DECISION ON THE APPLICATION
Bunky Ralph moved that, based upon the facts found by the Board, that the application does impair the historic integrity of the structure or the district and that a COA be denied. The motion was seconded by Carlos Gant and unanimously approved.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

032-07-CA: 50 South Ann Street
Applicant: Zito Russell Architects/Annunciation Greek Orthodox Church
Received: 03/17/08 (+45 Days: 05/01/08)
Meeting: 04/02/08

INTRODUCTION TO THE APPLICATION
Historic District: Old Dauphin Way
Classification: Non-Contributing
Zoning: R-1
Project: Construct an open-air pavilion.

BUILDING HISTORY
According to previous records, the church was built in 1961 and the Hellenic Center was built in 1970.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. The Annunciation Greek Orthodox Church complex takes up the majority of the block of South Ann bounded by Brown and Azalea Streets. There is a large parking area tucked in between the buildings and some greenspace. The pavilion is intended to give church members an outdoor meeting and recreational space.
B. The Design Review Guidelines state, “[a]n accessory structure…includes, but is not limited to garages, carports, pergolas, decks, pool covers, sheds and the like…[t]he structure should complement the design and scale of the main building.”
C. The applicant is proposing to construct a 70’-0” by 145’-0” masonry open-air pavilion on the south side of the property next to the Hellenic Center.
   1. It will sit on a concrete slab foundation.
   2. It will stand 26’-0” to the top of the entablature and 34’-11” to the top of the pediments.
   3. There will be a pediment with a recessed niche to mimic the existing windows on the church and Hellenic center at the east and west elevations.
   4. The overall look will be similar to a Greek temple with an EIFS entablature supported by stucco pilasters in between 18’-0” by 24’-0” open spaces.

RECOMMENDATION
Based on the submitted information, staff feels that the pergola will not impair the historic integrity of the district. The pavilion, though large, will be an open-air structure that complements the design and scale of the rest of the buildings in the complex per the standards of the Guidelines. It will be setback from the street surrounded by landscaping and there will be no additional parking. Staff recommends approving the application.

PUBLIC TESTIMONY
Lannie Russell and Angie Odom were present to discuss the application. They stated the height of the structure was dictated by its proposed use as a basketball court. The paint on the addition will match as closely as possible the color of the church brick.

BOARD DISCUSSION
There was no further Board discussion.

FINDING OF FACT
Craig Roberts moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Barja Wilson and unanimously approved.

DECISION ON THE APPLICATION
Bunky Ralph moved that, based upon the facts found by the Board, that the application does not impair the historic integrity of the structure or the district and that a Certificate of Appropriateness be issued. The motion was seconded by Tom Karwinski and unanimously approved. Certificate of Appropriateness Expiration Date: 4/7/09.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

033-08-CA: 309 West Street
Applicant: Tim Gibson
Received: 03/19/08 (+45 Days: 05/03/08)
Meeting: 04/02/08

INTRODUCTION TO THE APPLICATION
Historic District: Leinkauf
Classification: Contributing
Zoning: R-1
Project: Replace rear windows with French doors and new windows.

BUILDING HISTORY
According to previous records, this two-story Mediterranean-style residence was built circa 1917. The rear elevation has been altered a number of times.

STANDARD OF REVIEW
Section 9 of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district…”

STAFF REPORT
A. The Board recently approved work on the rear elevation and front porch of this residence.
B. The Design Review Guidelines call for renovations to be sympathetic to the age and style of buildings.
C. The proposed work includes the following:
   1. Replace the sash windows on the south side of the rear elevation with wood, 10-lite, double French doors with a transom to match those approved on the north side.
   2. Replace the casement window adjacent to the existing rear door with the removed sash windows instead of lowering it and adding a transom as previously approved.

RECOMMENDATION
Based on the information submitted in the proposal, staff feels that the changes will not impair the historic integrity of the building or the district. The work on the rear elevation, which had been previously altered, is sympathetic to the age and style of the building. Staff recommends approving the application.

PUBLIC TESTIMONY
Tim Gibson was present to discuss the application. He explained that the long window would be replacing the current (not original) casement in the enclosed rear porch. The transom was chosen over the French door to create sufficient height to match other elements on the rear; also, there is a variety of transoms throughout the house.

BOARD DISCUSSION
There was no further Board discussion.

FINDING OF FACT
Barja Wilson moved that, based upon the evidence presented in the application and during the Board discussion, that the Board finds the facts in the Staff report. The motion was seconded by Bunky Ralph and unanimously approved.

DECISION ON THE APPLICATION
Barja Wilson moved that, based upon the facts found by the Board, that the application does not impair the historic integrity of the structure or the district and that a Certificate of Appropriateness be issued. The motion was seconded by Harris Oswalt and unanimously approved. Certificate of Appropriateness Expiration Date: 4/7/09.
