   APPROVED 12/30/02 asc

PUBLIC HEARING
1. Old Applications:

   **004-02/03 – CA**
   - **Applicant:** 714 Dauphin Street
     Tony Cooper, Owner/Don Williams, Engineer
   - **Nature of Project:** Amend previously approved restoration plans to alter entrance locations.
   - **Action by the Board:** Approved as submitted. A copy of the Certified Record is attached.

2. New Applications:

   **018-02/03-CA**
   - **Applicant:** 1738 Hunter Avenue
     Arthur and Karen Green
   - **Nature of Project:** Construct 4’ picket fence at rear of property; construct raised treated wood deck, approximately 12’ x 26’ as per submitted plans, complete with steps, handrail and lattice wood skirting.
   - **Action by the Board:** Approved as submitted. A copy of the Certified Record is attached.

   **019-02/03-CA**
   - **Applicant:** 261 Rapier Avenue
     Jeffrey Cosgrove
   - **Nature of Project:** Erect 7’ capped privacy fence in rear yard as per submitted plan.
   - **Action by the Board:** Approved as submitted with conditions. A copy of the Certified Record is attached.

   **020-02/03-CA**
   - **Applicant:** 950 Palmetto Street
     Jimmy Novak, Owner/ SOS Ironworks, Contractor
   - **Nature of Project:** Install 4’ high metal fence with matching gate at sidewalk in front yard; install 6’ high metal fence with 12’ single leaf gate at driveway in side yard, as per submitted plans.
   - **Action by the Board:** Approved as submitted. A copy of the Certified Record is attached.

   **021-02/03-CA**
   - **Applicant:** 1554 Monterey Place
     Ray and Laura Palmer
   - **Nature of Project:** Construct rear addition, measuring 34’ –2 ½” x 26’ – 6”, containing 620 square feet, as per submitted plans.
   - **Action by the Board:** Approved as submitted with conditions. A copy of the Certified Record is attached.

   **022-02/03-CA**
   - **Applicant:** 1054 Selma Street
     Leonard Washington
   - **Nature of Project:** Remove existing 10’ x 20’ rear porch and reconstruct new den area, measuring 16’ x 20’
   - **Action by the Board:** Approved as submitted. A copy of the Certified Record is attached.
023-02/03-CA  
Applicant: York & Legg, Owners, IDI Image Designs, Sign Contractor  
Nature of Project: Install new medium density foam board, double sided with routed lettering, painted navy blue with cream lettering, as per submitted sample.  
Action by the Board: Approved as submitted. A copy of the Certified Record is attached.

024-02/03-CA  
Applicant: Waterfront Rescue Mission, Owner/ Don Williams, Engineer  
Nature of Project: Construct an 8 car parking lot for off-street parking as per submitted design.  
Action by the Board: Denied as submitted. A copy of the Certified Record is attached.

025-02/03-CA  
Applicant: John Luce  
Nature of Project: Construct 6’ wood privacy fence with chamfered top and 6” snake board at bottom as per submitted design.  
Action by the Board: Approved as submitted. A copy of the Certified Record is attached.

OTHER BUSINESS:

1. Resolution by the Board to charge a $5 Application Fee and a refundable $10 sign deposit. The $5 is to offset the expense of reproducing 11 sets of plans for the Board. The $10 is to ensure that signs remain in the public right-of-way and provide notification of meetings. In the event a sign is not returned, the $10 will cover its replacement.  
   
Passed Unanimously. Copy of the Resolution signed by Chair Cindy Klotz and placed on file in MHDC office.

   Wanda Cochran explained that meeting procedures were presented as a draft for the Board to review. She noted that it was very important to keep on track and follow the meeting format. Cochran will rework the motion wording to reflect that the work “…does or does not materially impair the structure or the district”. The Board was asked to review the draft and be prepared to discuss at the next meeting.

The Meeting Adjourned at 4:25 p.m.
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS
CERTIFIED RECORD

Applicant: Tony Cooper
Received: 10/8/02 10/29/02 12/20/02
Submission Date + 45 Days: 11/21/02
Meeting Date (s): 1) 10/21/02 2) 11/04/02 3) 1/13/03

INTRODUCTION TO THE APPLICATION

Historic District: Lower Dauphin Street Commercial Historic District
Classification: Non-Contributing
Zoning: B-4; General Business
Additional Permits Required: (2) Building, Demolition
Nature of Project: Exterior rehabilitation of existing concrete block building for retail/office use.
Demolition of rear addition and reconstruction of new attached structure.
History of Project: The Board approved this project as submitted at the November 4, 2002 meeting. The owner is now requesting to alter the location of the entrances. The previously-approved plans had entrances off Dauphin and Scott Streets. The revised plans reflect entrances off Scott and Springhill Avenue. The proposed Dauphin Street elevation would have three storefront openings, as reflected in the plan. The proposed Springhill Avenue elevation would have an entrance facing the proposed parking lot. Copies of previous comments and minutes are attached for Board review.

STAFF COMMENTS

Based on information contained in the Application, in Staff’s judgement:

1. The proposed design is compatible with the Lower Dauphin Street Commercial District Design Guidelines.
2. The proposed design is compatible with existing adjacent buildings in terms of rhythm established by window openings.
3. Proposed materials are in keeping with the compatibility of adjacent historic buildings.
4. The demolition of the non-historic and deteriorated rear of the building is acceptable as the loss would not impair the historic integrity of the district.
5. The proposed new addition is in keeping with the design and scale of the proposed changes to the adjacent historic building.

Staff suggests that the Review Board approve the application as submitted.

PUBLIC TESTIMONY

Engineer Don Williams was present to answer questions of the Board.

No one from the public was present to speak in favor of or in opposition to the application.

FINDING OF FACT

Douglas Kearley moved that based on the facts presented in the application and at the public hearing, the Architectural Review Board finds that staff comments 1-5 be acceptable as findings of fact. Bunky Ralph seconded the motion, which passed by unanimous vote.

DECISION ON THE APPLICATION

Nick Holmes, III moved to issue a Certificate of Appropriateness. Jackie McCracken seconded the motion, which passed by unanimous vote.

STAFF COMMENTS

Based on information contained in the Application, in Staff’s judgement:

1. The proposed deck design is compatible with the Design Review Guidelines.
   a. the fence will not be visible from the street
2. The proposed wood picket fencing is compatible with the Design Review Guidelines
   a. Gothic wood picket is an approved fencing design and material as stated in the Guidelines

Staff suggests that the Review Board approve the application as submitted.

PUBLIC TESTIMONY

Arthur and Karen Green were present to answer questions of the Board.

There was no one else present to speak in favor of or in opposition to the application.
FINDING OF FACT

Bunky Ralph moved that based on the facts presented in the application and at the public hearing, the Architectural Review Board finds that staff comments 1 and 2 be acceptable as findings of fact. Douglas Kearley seconded the motion, which passed by unanimous vote.

DECISION ON THE APPLICATION

Douglas Kearley moved to issue a Certificate of Appropriateness. Nick Holmes, III seconded the motion, which passed by unanimous vote.

<td>Fences Walls and Gates</td>
<td>Install 7’ high wood privacy fence</td>
</tr>
</tbody>
</table>

**STAFF COMMENTS**  

Based on information contained in the Application, in Staff’s judgement:  

1. The Design Review Guidelines limit fence height to 6’ in residential neighborhoods.  
   a. the proposed fence design is an approved fencing material as stated in the Guidelines;  
   b. the location of the fence, in a yard separated from the sidewalk by a retaining wall and sloped earth, would create a fence approximately 8’-9’ high to a pedestrian standing on the sidewalk.  
   c. there is no justification for violating the Guidelines’ height requirement of 6’.
Staff suggests that the Review Board approve the application with the condition that the fence be lowered to 6’

PUBLIC TESTIMONY

Jeffrey Cosgrove of 251 Rapier Avenue was present to answer questions. Tom Ford of 257 Rapier Avenue was present to speak in favor of the installation of the wood privacy fence.

No one was present to speak in opposition to the application.

FINDING OF FACT

Jackie McCracken moved that based on the facts presented in the application, and at the public hearing, the Architectural Review Board finds that revised staff comments 1, a, b and c to be acceptable as findings of fact. Bunky Ralph seconded the motion, which passed by unanimous vote.

DECISION ON THE APPLICATION

Douglas Kearley moved to issue a Certificate of Appropriateness, with the condition that the fence be 6’ in height and located as indicated on the sketch provided by the applicant at the meeting. Bunky Ralph seconded the motion, which passed by unanimous vote.

STAFF COMMENTS

Based on information contained in the Application, in Staff’s judgement:

1. The continuous brick foundation with water table will match that of the main residence
2. The exterior wood siding will match that of the main residence, and will be painted to match the existing color scheme.
3. The new wood double patio doors with single panes are compatible with glazing massing of the two-over-two wood windows.
4. Existing two-over-two wood windows will be removed and reused in the addition. An existing Queen Anne double square window will be reused in a new location. An existing, non-historic aluminum window will be removed and replaced with a new wood two-over-two window.
5. Existing wood louvered blinds will be removed from the rear elevation and reused on the side elevation.
6. The pitch of the gable roof is compatible with the existing roof of the main house. The fiberglass asphalt shingles are appropriate according to the guidelines.

Staff suggests that the Review Board approve the application as submitted.
PUBLIC TESTIMONY

Applicant Ray Palmer was present to answer questions of the Board.

There was no one present to speak in favor of or in opposition to the application.

BOARD DISCUSSION

Nick Holmes, III noted that the large tempered glass picture window noted on the north elevation over the shower/tub was not compatible with the character-defining windows of the main residence. Jackie McCracken noted that the window was out of proportion with other windows. Douglas Kearley suggested that the large window be replaced with either a horizontal rectangle or a window similar to the existing Queen Anne window.

FINDING OF FACT

Jackie McCracken moved that based on the facts presented in the application, and at the public hearing, the Architectural Review Board finds that Staff Comments 1-6, irrespective of the large tempered glass window noted on the north elevation. Nick Holmes, III seconded the motion, which passed by unanimous vote.

DECISION ON THE APPLICATION

Nick Holmes, III moved to issue a Certificate of Appropriateness with the following condition: That the applicant work with staff to redesign the large plate glass tempered window, and the request be approved on a mid-month basis by staff. Douglas Kearley seconded the motion, which passed by unanimous vote.

STAFF COMMENTS

Based on information contained in the Application, in Staff’s judgement:

1. The existing shed porch with concrete block and concrete floor are not historic and detract from the character of the structure and the district.
2. The continuous brick foundation will match that of the main residence.
3. The exterior mineral fiber siding will match that of the main residence, and will be painted to match the existing color scheme.
4. The new wood six-panel door is compatible with the residence.
5. Existing wood windows will be removed and reused in the addition.
6. The pitch of the shed roof is compatible with the existing roof of the main house. The fiberglass asphalt shingles are appropriate according to the guidelines.

Staff suggests that the Review Board approve the application as submitted.
Leonard Washington was present to answer questions of the Board. Washington clarified that the existing was mineral fiber siding. Washington also clarified that the existing windows were wood casements.

There was no one else present to speak in favor of or in opposition to the application.

**FINDING OF FACT**

Douglas Kearley moved that based on the facts presented in the application and at the public hearing, the Architectural Review Board finds that staff comments 1-6 be acceptable as findings of fact. Bunky Ralph seconded the motion, which passed by unanimous vote. This motion included approval to issue a Certificate of Appropriateness.

STAFF COMMENTS  

Based on information contained in the Application, in Staff’s judgement:  

1. The proposed new sign will be mounted between two existing brick pillars.  
2. The oval design of the sign is not in keeping with the rectilinear profile of the building.  
   a. the current sign has an arched top and a straight bottom, elevated from the brick about 6”  
   b. a rectangular sign, resting on the brick sill, would be a more compatible design.  
3. The size of the sign is within the maximum allowed by the Guidelines.  
   a. the maximum allowable is 64 sf.; the request is for 33.6 sf.  
4. The medium density foam is not directly addressed by the Guidelines, but has been approved by the Review Board for other locations.  
5. Existing ground-mounted flood lights will be reused.  

Staff suggests that the Review Board approve the application as amended, changing the shape of the sign from oval to rectangular.
PUBLIC TESTIMONY

Attorney Stephen Legg was present to represent the law firm of York and Legg. Mr. Legg noted that the oval was appropriate for the building, citing the existing sign had an oval top, and citing other examples along Dauphin Street. Mr. Legg further noted that the sign was tasteful in design, and was designed by Ann Smith, a Mobile native familiar with the historic districts.

No one else was present to speak in favor of or in opposition to the application.

BOARD DISCUSSION

Douglas Kearley noted that the oval sign was no different than a fanlight over a rectangular doorway.

FINDING OF FACT

Douglas Kearley moved that based on the facts presented in the application and at the public hearing, the Architectural Review Board finds that staff comments 1-5, irrespective of number 2, be acceptable as findings of fact. Nick Holmes, III seconded the motion.

DECISION ON THE APPLICATION

A vote was taken. Jackie McCracken, Nick Holmes, III and Douglas Kearley voted in favor of the application. Bunky Ralph and Cindy Klotz voted against the application. The motion passed with a vote of 3/2. This motion included approval to issue a Certificate of Appropriateness.

STAFF COMMENTS

Based on information contained in the Application, in Staff’s judgement:

1. 6’ wood privacy fences are allowed in rear yards according to the Guidelines.
   a. the fence will have a chamfered cap to conceal the top edge of the fence boards
   b. the fence will have a 6” snake board, a historical treatment of the bottom of the fence.

Staff suggests that the Review Board approve the application as submitted.

PUBLIC TESTIMONY

Mr. and Mrs. John Luce were present to answer questions of the Board. Mr. Luce clarified that the fence would be left natural, not to be painted.

There was no one present to speak in favor of or in opposition to the application.
FINDING OF FACT/DECISION ON THE APPLICATION

Jackie McCracken moved that based on the facts presented in the application and at the public hearing, the Architectural Review Board finds that staff comments 1, a and b, along with the additional site plan provided by the applicant, be acceptable as findings of fact. Bunky Ralph seconded the motion, which passed unanimously. This motion included approval to issue a Certificate of Appropriateness.

Certificate Expiration Date: 13 January, 2004
