STANDARD OF REVIEW

Section 9, STANDARD OF REVIEW, of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change “…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district.”

STAFF REPORT

Based on the information contained in the application, and in Staff’s judgment:

A. Window Replacement - The proposed construction is not in compliance with Section 3 of the Design Review Guidelines, however, the change will not adversely affect the historic structure or the historic district.

1. The main structure is a two story brick fourplex constructed of yellow brick with a central entrance flanked by two-tiered arched front porches and hipped roof.
2. Currently the bathroom windows are small wood with double hung sashes.
3. The Guidelines state that “Original window openings should be retained as well as original window sashes and glazing.
4. The applicant is requesting to install glass block as a means of privacy in the shower areas and to alleviate interior window and sill rot.
5. The applicant is also requesting this change to provide privacy from the commercial property to the east.
6. Glass block was a popularly-used building material during the period this apartment complex was constructed.
7. The applicant has provided examples of buildings from the same period utilizing glass block.
8. The proposed alteration will be barely visible from public view.

B. Porch Screening - The proposed construction is in compliance with Section 3 of the Design Review Guidelines.

1. Currently the arched porches are open.
2. The proposed construction calls for wood framing to follow the line of the arch and divided into 3 panels of screening.
3. Screening of porches on this type of fourplex apartment building is not uncommon.

Staff recommends approval as submitted.

Section 9, STANDARD OF REVIEW, of the Historic Preservation Ordinance states that “the Board shall not approve any application proposing a Material Change in Appearance unless it finds that the proposed change “…will not materially impair the architectural or historic value of the building, the buildings on adjacent sites or in the immediate vicinity, or the general visual character of the historic district.”

STAFF REPORT

Based on the information contained in the application, and in Staff’s judgment:

A. The proposed construction is in compliance with Section 3 of the Design Review Guidelines.

1. The main structure is a one story frame Victorian cottage with 3 bay gabled front porch and monolithic hipped roof, located on the southeast corner of Charleston and Marine Streets.

2. The proposed wood fence is 6’ in height and is to match the fence constructed by the Oakleigh Venture Revolving Fund at 259 Marine Street.

3. The fence will be unpainted, left to weather.

4. The side corner setbacks are within the requirements of Urban Development.

Staff recommends approval as submitted.
